

FOREST FIRE HAZARD

Danger Rating has been ranging from **High** to **Extreme**

CAMPFIRE BAN in effect

Report a Wildfire: 1-00-663-555 or call *5555 toll free on most cellular networks

To learn more about Reporting a Wildfire in BC, Current Fire Bans, Fire Danger Rating, Wildfire Prevention, etc. please contact the BC Wildfire Management Branch by phone at 1-888-3-Forest or by visiting their website <http://engage.gov.bc.ca/bcwildfire/>

LANDSLIDE RISK HAZARD

Please be advised that the Lillooet River FSR at the KM 9 gate and the Lillooet South FSR at KM 1 may be closed to the public when the Hazard Level is rated **EXTREME.**

This is based on the Provincial volcanic landslide shutdown criteria for the Lillooet River FSR and Lillooet South FSR. To view the shutdown procedures, please go to:

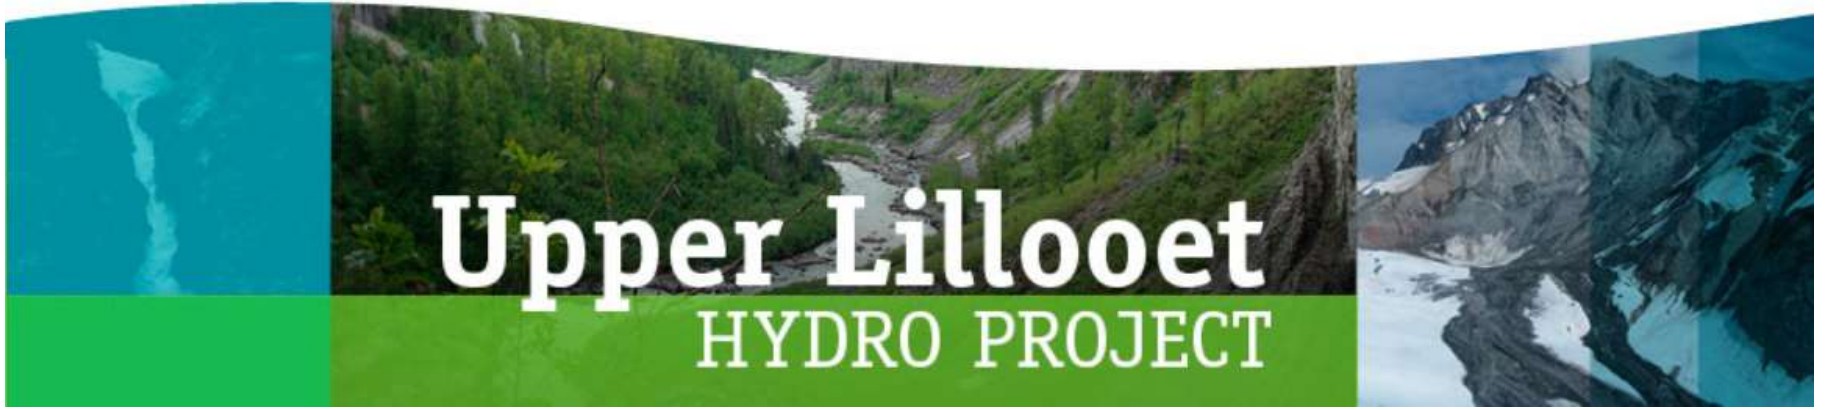

http://www.for.gov.bc.ca/dsq/Engineering/dsq_engineering.htm

and refer to the report link:

[Volcanic Landslide Risk Management, Lillooet River Valley, BC: Start of north and south FSRs to Meager Confluence, Meager Creek and Upper Lillooet River](#)

If you have additional questions, please contact the MFLNRO Sea to Sky Office at 604-898-2100.

NOTE: Exception to these access closures will be for industrial users that are operating under a "natural hazards operational safety plan" prepared by and signed off by a qualified professional, consistent with the guidelines set out by APEGBC/ABC FP (2008) and WorkSafeBC regulations.

Project Update July 3, 2015

ACTIVE FOREST FIRE

APPROXIMATELY 6 KM UPSTREAM OF THE CONFLUENCE OF BOULDER CREEK AND LILLOOET RIVER DISCOVERED ON JUNE 30, 2015 - CAUSED BY LIGHTNING/ STORM EVENT
FIRE FIGHTING CREWS ARE ON SITE.

CAMPFIRE BAN in effect

EXTREME LANDSLIDE HAZARD RISK

Lillooet River FSR at KM 9 Gate and Lillooet South FSR at km 1 are **CLOSED** to the public when the Hazard Level is rated **EXTREME**.

Current Hazard Rating and Forecast is to remain EXTREME until next week.

*****when hazard level drops below EXTREME, closed project sites and the FSR will re-open up for work and public use.**

KM	Activity along the Lillooet River FSR
KM 9	Gate is CLOSED
KM 38	Laydown site CLOSED
KM 38.5	Active work site at the Boulder Creek HEF Powerhouse. Tunnelling at the Boulder Creek HEF. Blasting will occur daily.
KM 39.5 Athel Mainline Road	Boulder Creek HEF Intake works active. Blasting will occur daily – pending firefighting activities.
KM 41.2	Upper Lillooet River HEF Powerhouse site CLOSED
