

Backcountry Grizzly Bear Awareness & Safety

Wednesday April 22, 2015

7 – 9 p.m.

Pemberton Community Centre, Great Hall

Information session co-hosted by Innergex and the PWA with Dr. Sue Senger to learn about travelling safely in grizzly bear country. This presentation is aimed at hunters, hikers and mountain bikers.

Dr. Susan Senger is a professional biologist currently working for the St'at'imc Government conducting research on grizzly bears and their habitat in southwest British Columbia.

This presentation will focus on skills which backcountry enthusiasts can use to reduce their risk when they encounter a grizzly (or black) bear in the wilderness.
